**Subject:** Microsoft Settlement

To Whom It May Concern:

I am opposed to the proposed settlement in the Microsoft antitrust trial. I feel that the current proposed settlement does not fully redress the actions committed by Microsoft in the past, nor inhibit their ability to commit similar actions in the future.

The proposed settlement does little to correct Microsoft's previous actions. There are no provisions that correct or redress their previous abuses. They only seek to provide vague assurances against future repetition of those abuses.

Microsoft has continued to flout previous consent decrees and refuses to recognize the court's findings of fact.

Sincerely,

-Eric Jones
